

At Geographe Primary, we follow these expectations

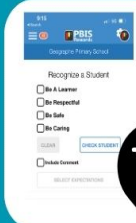

When everyone follows expectations, all staff & students are safe & enjoying their learning time.

You will receive positive feedback from your teachers.

When you are not following an expectation, your teachers will remind you of the expectation.

This could be possum points, or using your points to buy something from the class store.

If you keep making the wrong choice your teacher will give you the choice to follow expectations or there will be a consequence discussed.

All of the points you earn go into the whole - school raffle at assembly where you can win all sorts of prizes.

If you make the choice to not follow instructions, your teacher will make a note of this, which is called a minor.

You can also buy tickets to school events or raffles. There are excursions and movie days to choose from.

If you are not following expectations regularly, an email will go home to your family, for them to help you do the right thing.

At Geographe Primary school, we are learners who are respectful, safe and caring.
